FILE Training 3-1 *August*

11 June 1969

NOTE FOR THE FILE

Colonel White and Mr. Bannerman agreed that Mr. Cunningham will present a study which highlights the problems and inconsistencies in the current CT Program. The same study will suggest certain corrective approaches that could be made. This report/study is due to the EDC by 15 June 1969 and will undoubtedly be the subject of discussion at a subsequent Deputies' Meeting.

MEMORANDUM FOR: Deputy Director for Support

Bob:

I have read your memorandum of 15 May regarding the Career Training Program. I agree that the entire Program should be looked into in depth and any necessary modifications considered at this time.

STAT In this connection, I recently had occasion to look at [] "Junior Officer Training Program." It seems to me this regulation is quite out of date and should be revised. In fact, I understand it has been in the coordination mill for many months.

Why can't we pull this out, consider it at the same time, and complete the whole task by about 15 June.

[]

L. K. White

15 MAY 1969

MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Career Training Program

1. Attached is the quarterly report on the CT Program and highlights the problem of the number of resignations based upon job dissatisfaction.

2. Quite apart from this problem we are initiating a complete review of the Career Training Program with OTR as the focal point for conducting the review. On 9 May I had a briefing on the status of the CT Program and in the course of this briefing a number of issues, inconsistencies and problems were surfaced and discussed. Some were rather basic in nature. It was obvious that these problems could not be dealt with independently as they all interrelated in one form or another. Therefore, we decided to conduct this basic study which in light of the issues involved should eventually be the subject of discussion at one of your Deputies' Meetings. I do not have a timetable at this time but will advise of a prospective completion date as soon as we have sized the problem.

R. L. Bannerman
Deputy Director
for Support
